NNIDAS INFORMATION EVENTS

NNIDAS (North Nottinghamshire Independent Domestic Abuse Service) are hosting a number of Information Events aimed at highlighting what local specialist domestic abuse provisions are available including service and referral criteria

"A woman may go up to ten different agencies before she gets the help she needs" (Dominy and Radford 1996)

By ensuring service information is freely available and accessible, NNIDAS aims to raise people's awareness of the various support options, this reducing the above statistic.
