

# Join the Revolution

THE LEARNING  
REVOLUTION

## Free Space!

### Can you offer a free venue?

People meeting together in Learning Circles are looking for more free venues

### Can you help?

### What is a Learning Circle?

It is a small informal group that meets to study a subject of interest to it's members; for example, helping people make sense of local politics, taking a group to an art gallery or museum, gardening, I.T. or passing on a practical skill such as a craft

### What sort of venues are wanted?

We are looking for meeting places for up to 12 people.

These venues could include community centres, schools, health centres, local open spaces, religious buildings, public houses, office spaces, Scout huts or beach huts! Anything considered.....

How often would a Learning Circle run? – It could just be a one-off, or run weekly, monthly or quarterly, depending on what the group arranges with you

To find out about setting up a learning circle and offering a free venue visit:

[www.joinourrevolution.org.uk](http://www.joinourrevolution.org.uk)

If you would like to discuss offering a free venue please contact Clare Caves:
